How to become our partner?

- 1 Sign up as a partner**
First, you have to register on our website and then fill and submit the partner sign-up form.
- 2 Guided onboarding**
Our Partner Manager will arrange an onboarding call to provide essential information and address any questions you may have.
- 3 Resources & training**
Comprehensive training with hands-on practical experience including webinars, 1-on-1 sessions, and on-demand live demos.
- 4 Start & ongoing support**
Start using, demoing, and selling our powerful Add-ons with the ongoing support of our Partner Manager.

What do our partners say?

Calliope
Business Solutions

“The service is powerful and stable. But above all mscrm-addons.com has developed its solutions rapidly by integrating specific requests for certain large customers. Thanks to mscrm-addons.com we were able to automate our business processes and be more efficient. I appreciate the responsiveness & proximity of mscrm-addons.com!! Thanks to the team! Nothing is impossible when working with mscrm-addos.com solutions!”

Frederic Skobel, Calliope Business Solutions - Sales Manager for CRM projects

congruentX
PEOPLE | TECHNOLOGY | ALIGNED

“I think the most compelling statement I can make is that in 15+ years I have NEVER had a bad experience with anyone from mscrm-addons.com. Yes, we’ve had issues that took a while to resolve (mostly due to MS product changes) but they worked hand in hand with us to ensure our (mutual) clients achieved their desired outcomes. They are my bar for ISV relationships.”

Michael Hauck, congruentX - Chief People & Experience Officer

go relate
better in relation

“Through the partnership with mscrm-addons.com, we achieved a real win-win situation in our projects. We save time (and therefore budget) in the implementation, can offer our customers a user- friendly solution for document creation and profit from the license revenue. We appreciate the clear focus on the partner model, which makes the business work smoothly. Also really remarkable is the professional support and overall responsiveness to various requests.”

Georg Gradinger, go relate - Managing Partner
