Stig Karlsen
Solution Architect

AVANTIT

Avant IT is a future-oriented technology company that tailors and delivers innovative solutions to customers spread around the Nordic region. As a dedicated Microsoft and HP partner, they are constantly working to develop innovative solutions to meet their customers needs and desires.

For more than 8 years, Stig Karlsen from Avant IT is by our side. Read about their experiences as one of our valued partners.

1 The benefits of the partnership

"DocumentCorePack as an online subscription service was the main reason, we chose to partner with mscrm-addons.com. The product met our needs - both in terms of the pricing model and as a hosted online service. We appreciate the ongoing development of new functionalities, improvements and the excellent support."

2 The impact on your organization

"The mscrm-addons.com solutions are very easy to use and key components in our Dynamics 365 system specifically for the legal industry. Continuous product development, improvement and maintenance of the products has enabled us to create world-class end solutions for our customers."

3 How mscrm-addons.com benefits your customers

"Apart from the native integration with Dynamics 365, the greatest value we see for our customers is that the solution covers a wide range of business document requirements."

4 Key factors when working with third-party providers

"We have been a partner of mscrm-addons.com for more than 8 years. We have never considered other third-party vendors than mscrm-addons.com for the products and services we use from their product portfolio. That is a statement by itself. Their support is so impressive and good. That is a key factor to us along with that we are taken seriously if we have some suggestions for new functionality, improvements or problems. The products are also very well documented. My warmest recommendations."
